

The Premium Home Theater PC Case

With support for Standard ATX motherboards, the Fusion Remote Max is spacious enough for dual graphics cards, enabling you to build the ultimate home theater PC, perfect not only for enjoying digital media, but for playing the latest games. This case features a stylish aluminum front bezel with an LCD, a built-in IR receiver and a remote control to work the included iMEDIAN HD software. If that weren't enough, the quiet-running 140mm fan and noise-reducing design provide whisper-quiet operation.
