ISK 300-65  
ISK Series

## A Case of Mini Proportions.

Mini-ITX is the next “big” thing. And now, Antec introduces the ISK Series, an entire line of cases designed exclusively for Mini-ITX motherboards. With three drive bays, a side 80mm TriCool™ fan, and a stable 65-watt power adapter, the ISK 300-65 can handle many of the tasks of a traditional PC, in half the space. And with a 0.8mm cold rolled steel frame, the ISK 300-65 is not only nimble but durable. From petite desktop option to silent home theater, Antec’s ISK 300-65 is an epic case of mini proportions.

### SPECIFICATIONS:
