

Slim and elegant

The Antec Micro Fusion 350 is a compact and lightweight housing for your media center PC. Featuring an aluminum front bezel, an LCD display and a built-in IR receiver, the Micro Fusion has the sleek and stylish look of a high-end home theater component, all in one compact and low profile case. On top of that, with the Micro Fusion's unique dual chamber design and its high-efficiency 80 PLUS® certified power supply, you'll keep your components cool and lower your electrical bill. The Micro Fusion is the perfect addition to your home theater setup.
