

The tiny eco-friendly wonder

Quiet, understated and very practical, the NSK3300 MicroATX Tower continues the innovative standards of Antec's new Solution Series of enclosures. Designed around a high-efficiency 300W SFX v3.0 power supply, the NSK3300 also features many Quiet Computing™ technologies making it an ideal choice for corporate or home environments. NSK3300: Small, quiet and highly efficient.
