

NOTEBOOK COOLER

C O O L I N G

Your laptop works hard. Let it chill.

Day and night, your trusty laptop does its best to keep you happy. Play a CD? No problem. Surf the Web? Can do. But in the process, your little helper works up quite a sweat. And all that heat can wear out even the most spirited laptop. So get Antec's notebook cooler. By quietly whisking heat away from delicate components, this revolutionary cooler helps your laptop run better and last longer. Refreshing, isn't it?
