

# Skeleton

## Enclosures

### Think Beyond The Box

The Antec Skeleton is a truly revolutionary enclosure. With a unique design that allows for unprecedented airflow, a front 92mm fan, and a top three speed 250mm fan with multicolor LED customization, the Skeleton goes utterly unmatched in stylish cooling. Factor in the layered component trays for top-notch convenience, as well as the rackmount quality side rails, and you have a case truly without equal.
