

- Build-In LED Lighting Bars
- Slide-Open Case Structure
- TYPE-C AT Ready
- Aerospac Standard Aluminum Alloy
- Top GPU Showcase

BEYOND THE LIMITS

The Dark Cube is a masterpiece of the revolutionary ITX case from Antec. In this untraditional case, the configurations still provide powerful support for your gaming gear. With the mini size, the motherboard support can still reach up to M-ATX. Many convenient designs allow you to have a better PC-DIY experience. The Dark Cube supports high-end hardware and goes beyond the limits.

The Dark Cube provides dual front panel options. You can choose between tempered glass or mesh front panels according to your needs of airflow performance or gaming gear showcase.

Net Weight: 10.2 Kgs
Gross Weight: 12.8 Kgs

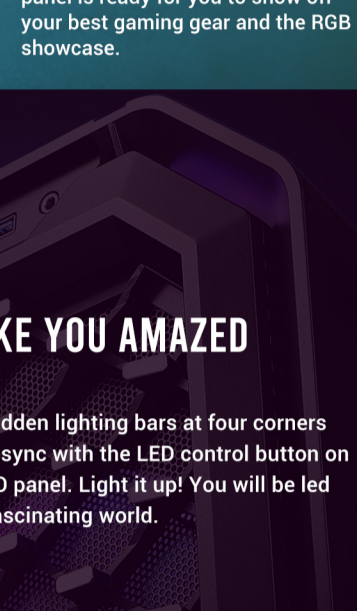

CHOOSE YOUR OWN STYLE

DUAL FRONT PANELS INCLUDED

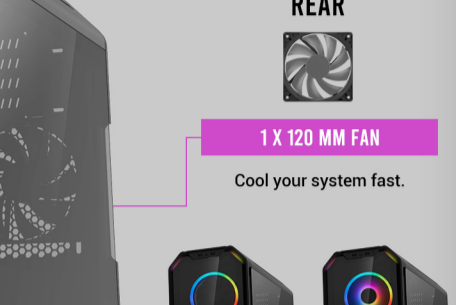

Diamond Grille Front Panel

The pre-installed diamond grille front panel presents a low-key luxury image. Meanwhile, it allows the Dark Cube to pull in more air and enhance the cooling.

Crystal-Clear Front Panel

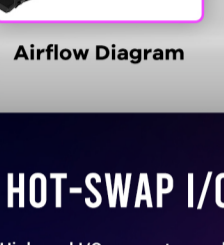

The included tempered glass front panel is ready for you to show off your best gaming gear and the RGB showcase.

MAKE YOU AMAZED

The hidden lighting bars at four corners are in sync with the LED control button on the I/O panel. Light it up! You will be led to a fascinating world.

FRONT

2 X 140 MM ARGB FANS

Pull in more air and provide sensational light effects.

Airflow Diagram

REAR

1 X 120 MM FAN

Cool your system fast.

HOT-SWAP I/O PANEL

High-end I/O connectors reduce your trouble when installing your Gaming PC.

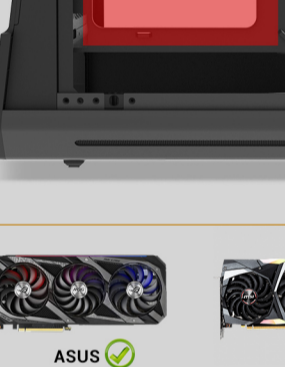

The Audio / Mic ports can automatically integrate any microphone or headphones when you plug it in.

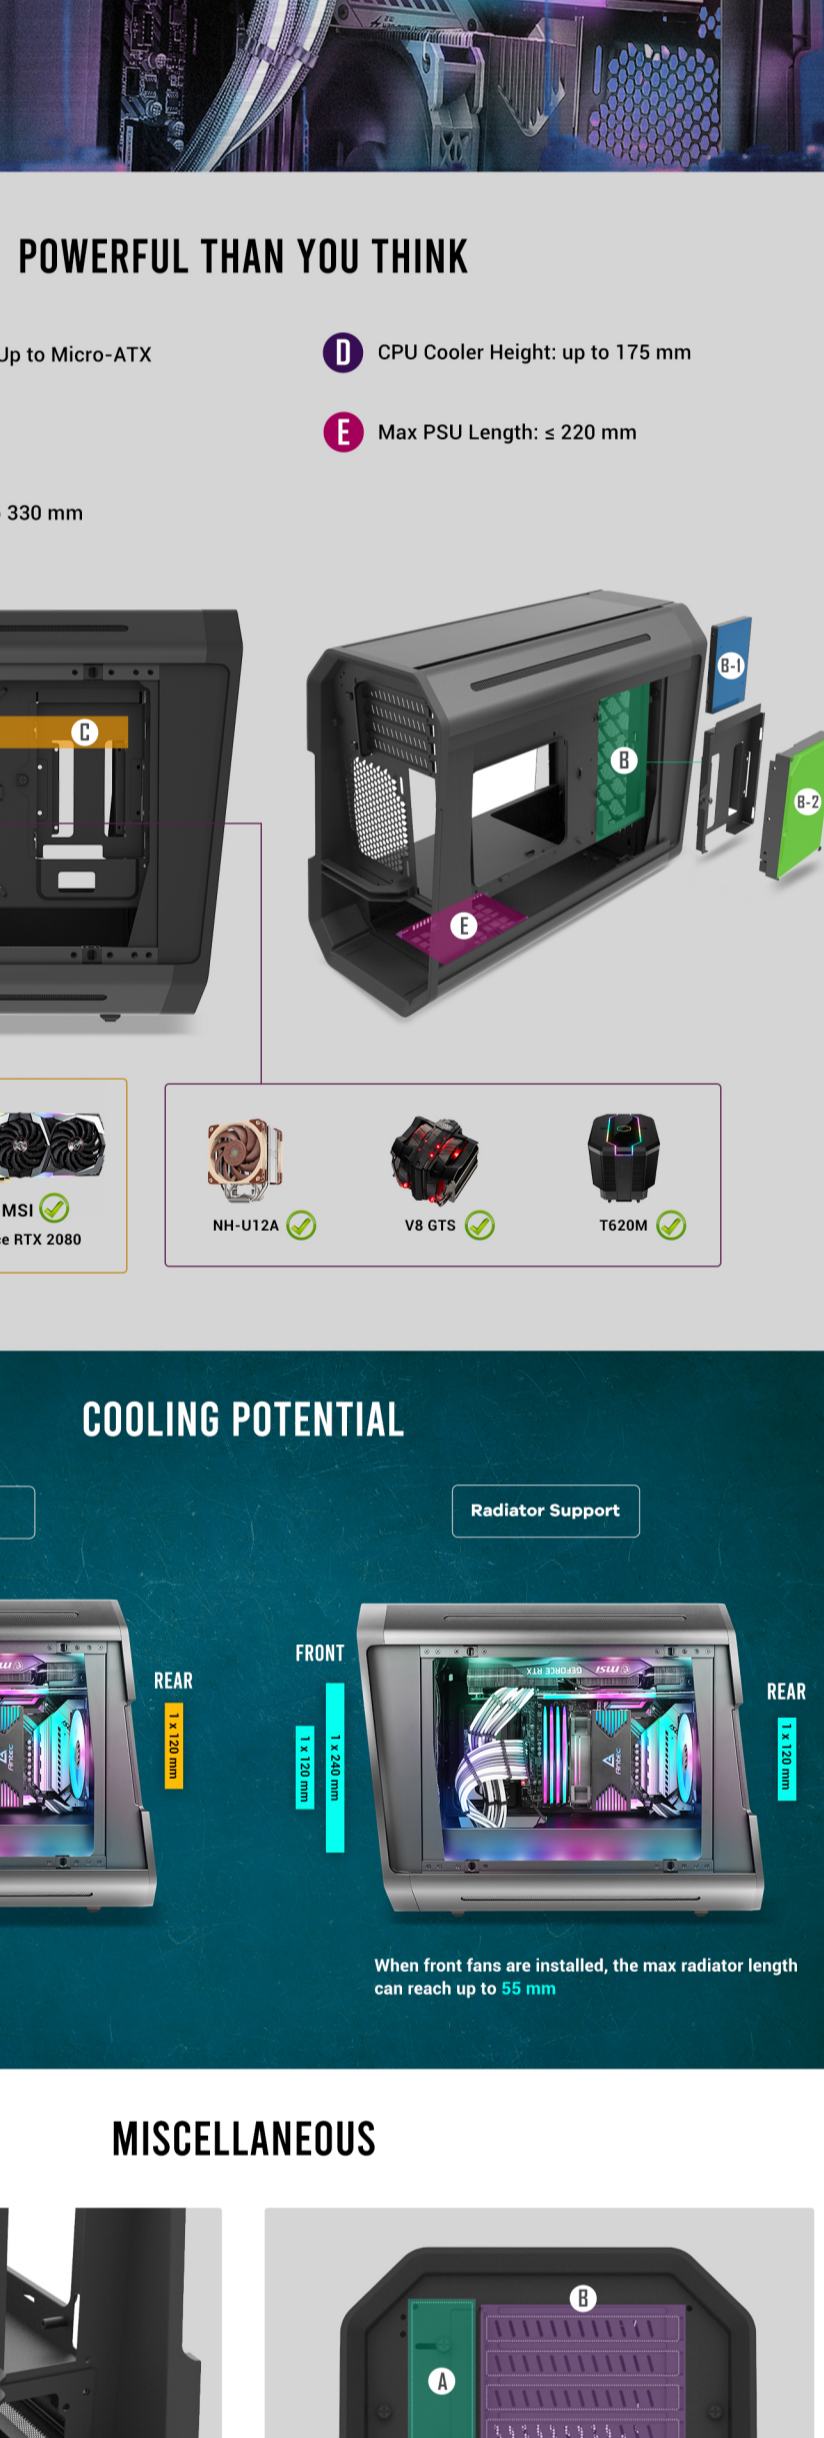

MORE THAN FANTASTIC

The Dark Cube features a slide-open case structure. Combined with Micro-ATX configurations, the metallic rails on the top and bottom will bring you the best PC-DIY experience than ever.

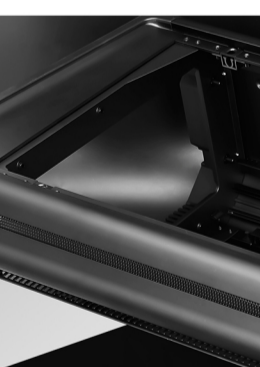

Aerospace Standard Aluminum Alloy

The case structure was made of 3 mm aerospace standard aluminum alloy.

TOP OF YOUR GAME

The Dark Cube also features upside-down configurations. It not only reduces the troubles of heat dissipation but also allows you to show off your fascinating GPU.

Top GPU Showcase

With the crystal-clear top panel, you can enjoy the light effects of your GPU anytime.

POWERFUL THAN YOU THINK

A Motherboard support: Up to Micro-ATX

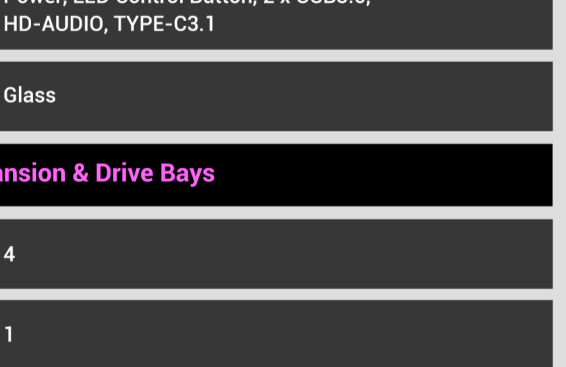

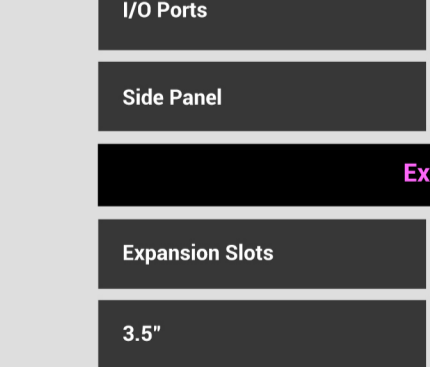

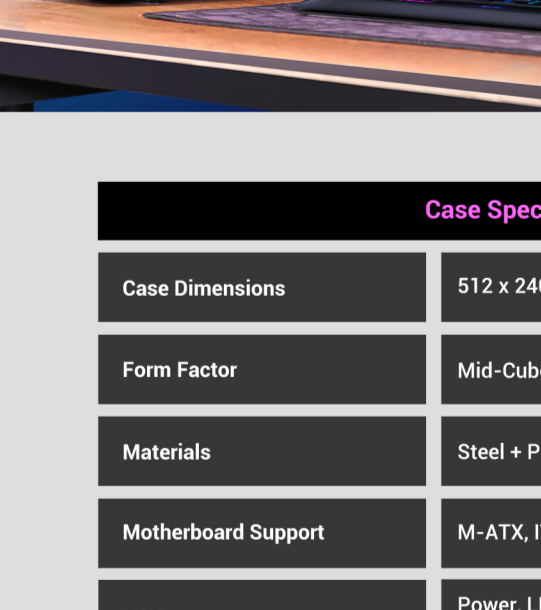

D CPU Cooler Height: up to 175 mm

B-1 2.5" SSD: 1

E Max PSU Length: ≤ 220 mm

B-2 3.5" HDD: 1

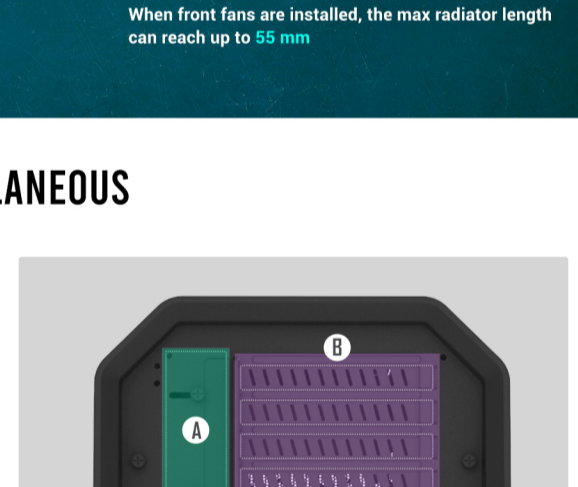

C Max GPU Length: up to 330 mm

COOLING POTENTIAL

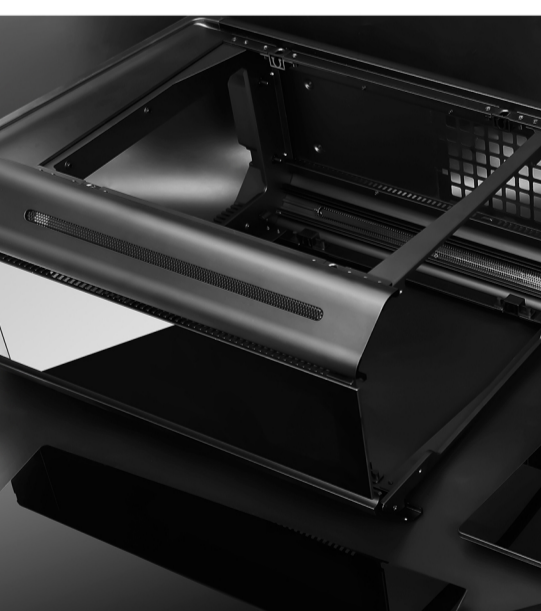

Fan Support

Radiator Support

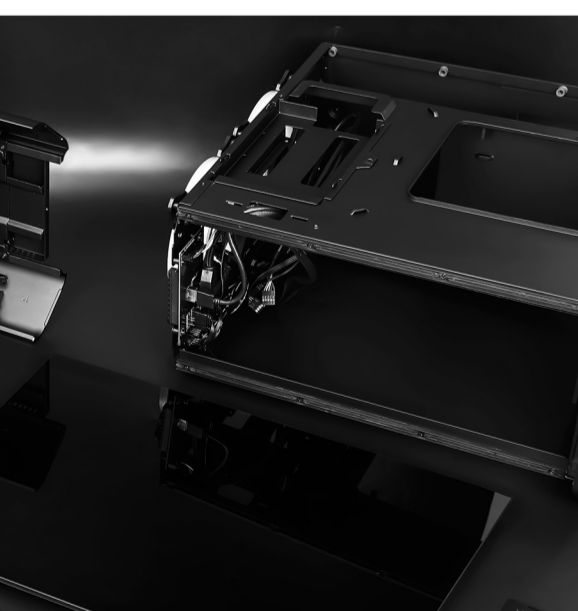

When front fans are installed, the max radiator length can reach up to 55 mm

MISCELLANEOUS

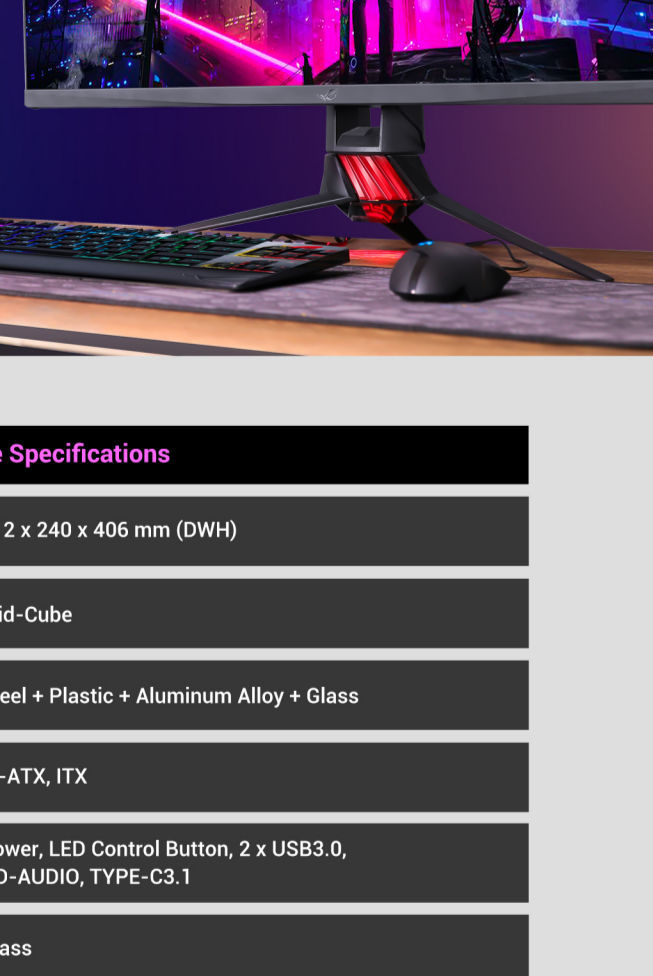

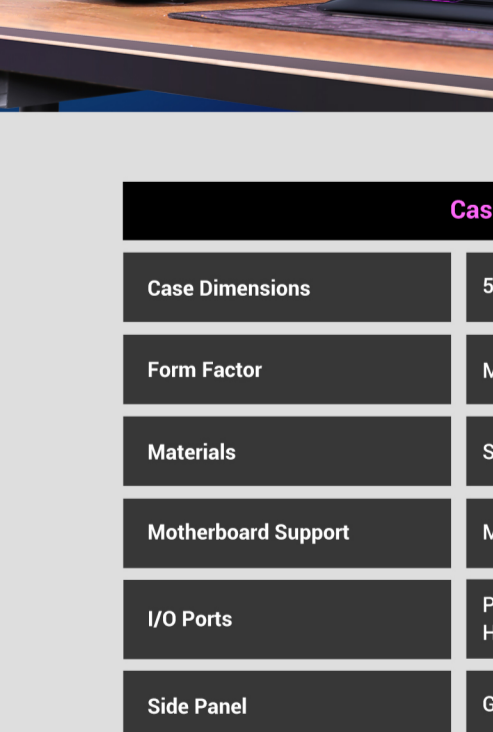

Removable dust filter at the bottom

A. Tool-Free thumbscrews for the GPU Installation
B. 4 x Reusable PCI-E slots
