EARTHWATTS GOLD PRO 750W

EARTHWATTS GOLD PRO SERIES

The EarthWatts Gold Pro series features high performance with an 80 PLUS® GOLD rating, delivering up to 92% efficiency and reducing your electricity bill. Featuring hybrid modular cabling, a whisper-quiet 120mm fan controlled by Antec's renowned Thermal Manager, and CircuitShield™ Industrial Grade protection-all backed by our seven-year Antec Quality warranty, the EarthWatts Gold Pro series is the power supply builders choose for a stable, quiet, and efficient system.

80 PLUS Gold Certified

Energy Efficiency

Stable Output

DC to DC Converter Design

Thermally Controlled Fan

Japanese Heavy-Duty Caps

Flat Stealth Cabling

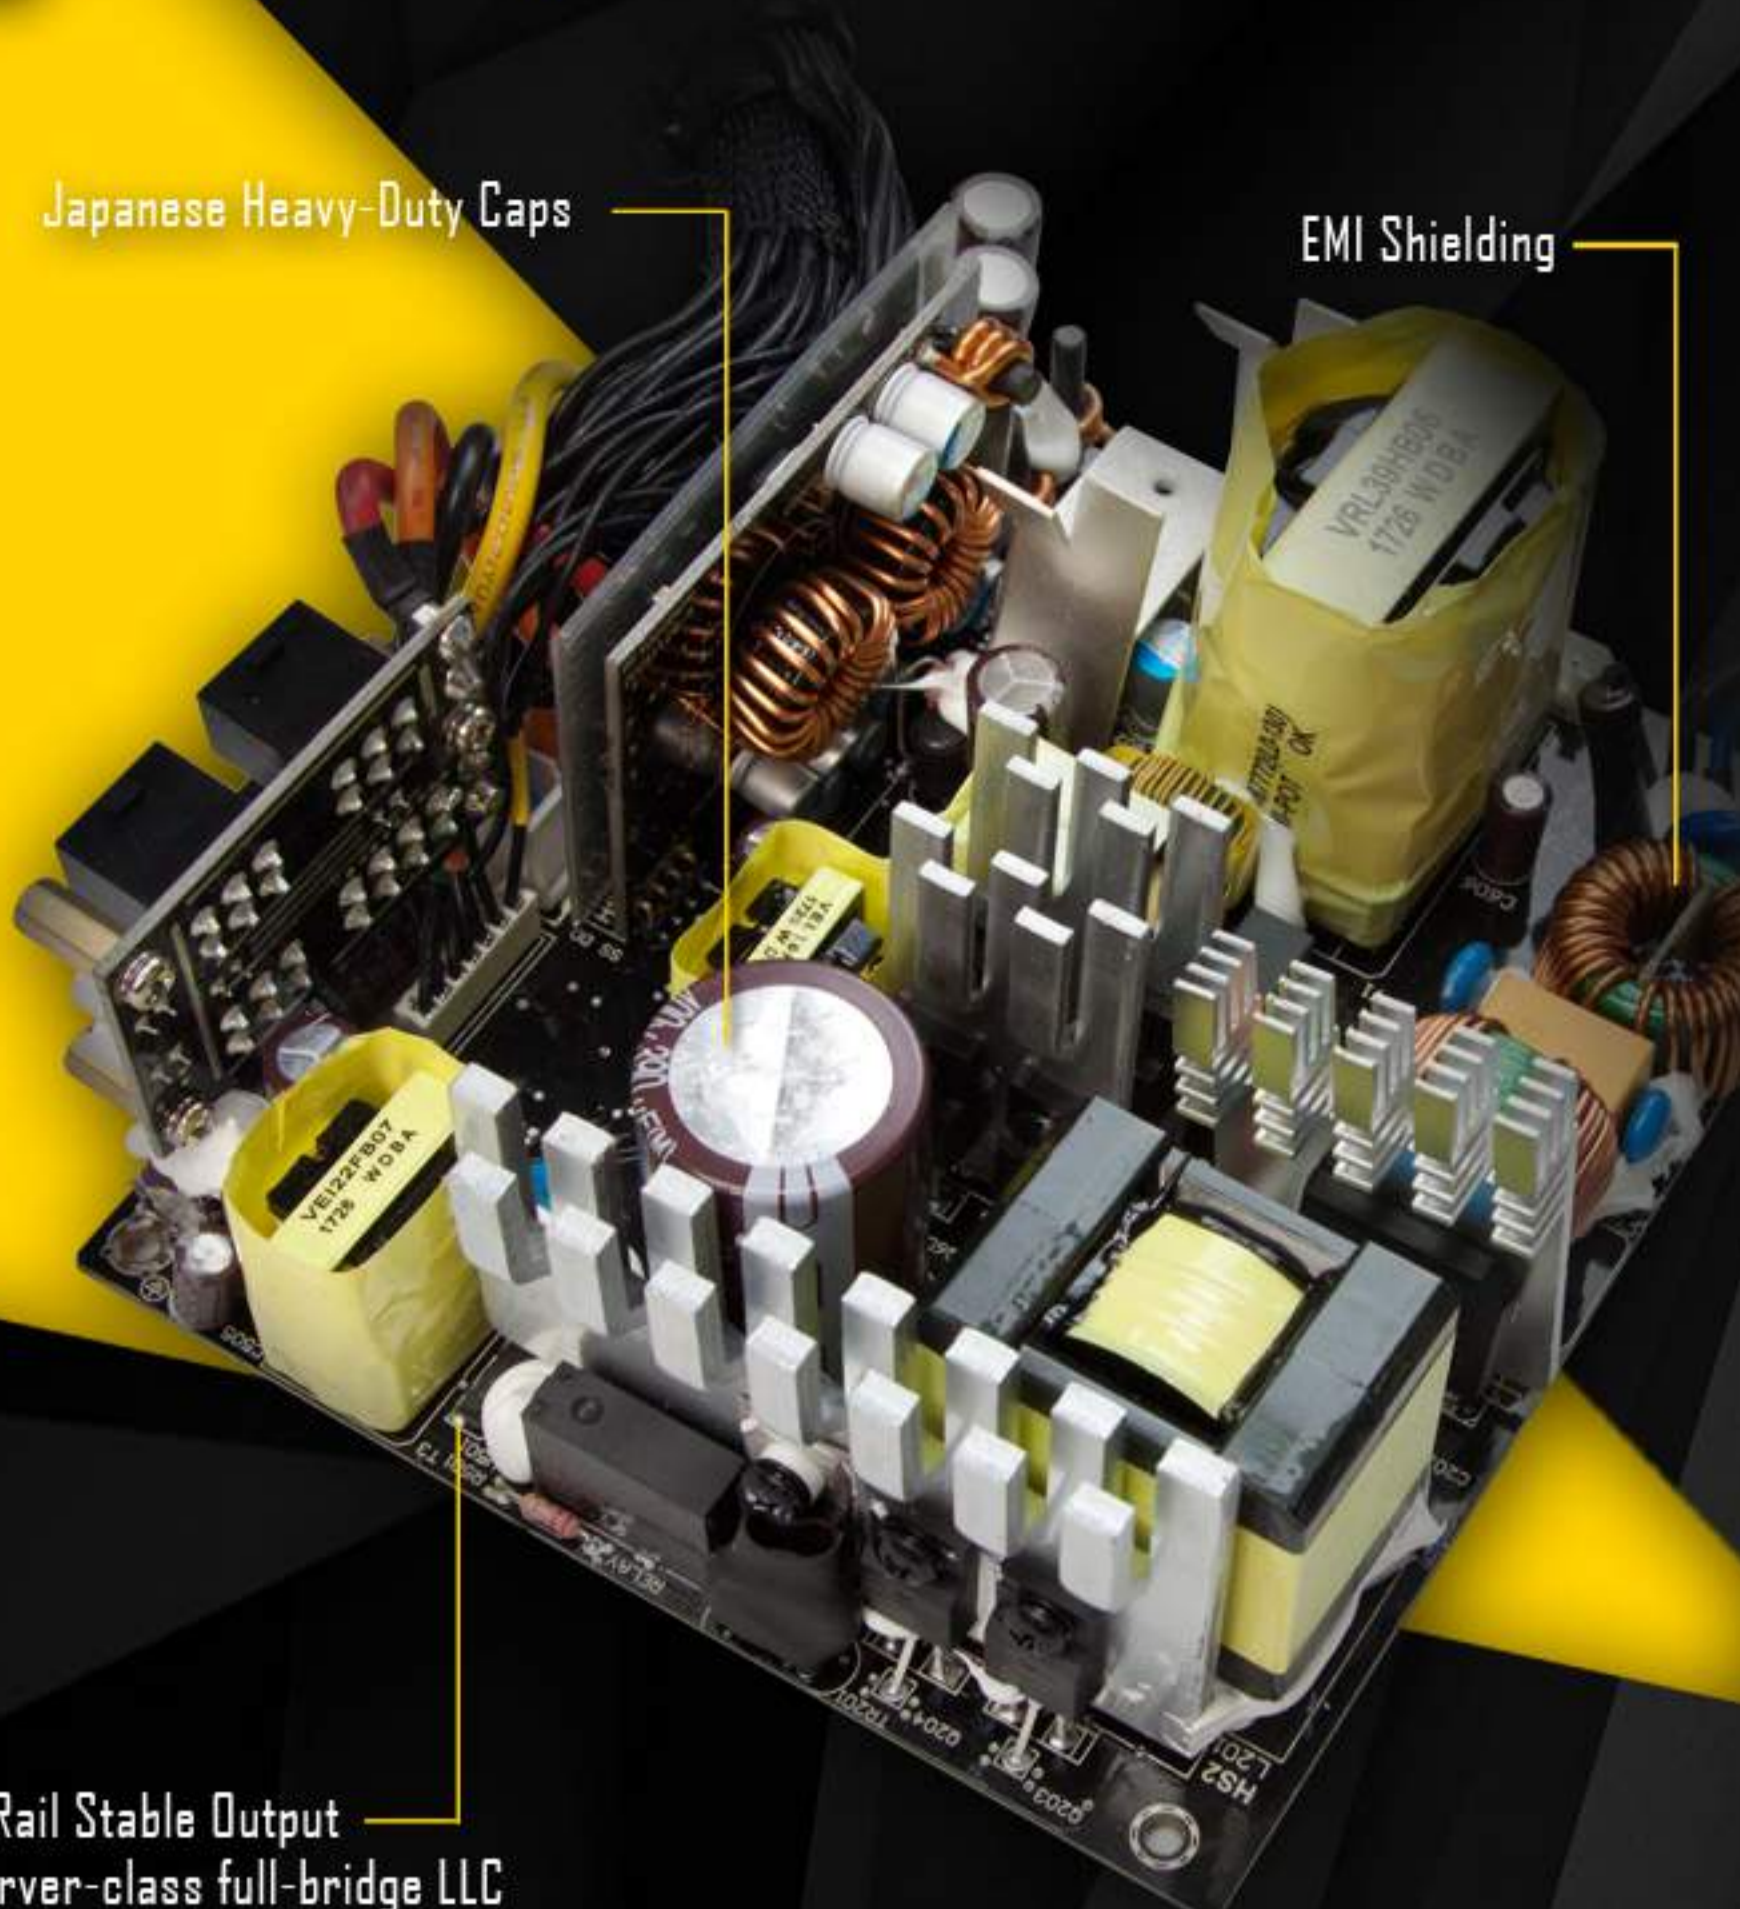

80 PLUS CERTIFIED

Japanese capacitors provide high efficiency DC to DC stability, and every power supply from our Earthwatts Gold Pro series is tested for reliability and guaranteed to deliver up to 92% energy efficiency.

Japanese Heavy-Duty Caps

EMI Shielding

12V Rail Stable Output
A server-class full-bridge LLC Design with a synchronous rectification based on a DC-DC topology

99% +12V Output

Engineered with high-quality capacitors and low-noise transformers, the EA Gold Pro series provides clean, stable power with maximum CPU and GPU compatibility.

7 Year Warranty

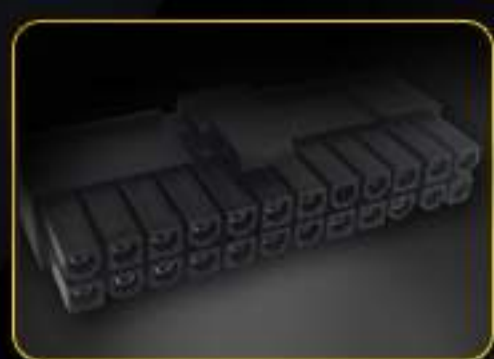

12V STABILITY

Advanced Hybrid Cable Management

EA Gold PRO Series provide black, flat, modular cables to optimize cable management space, resulting in better airflow and reducing clutter

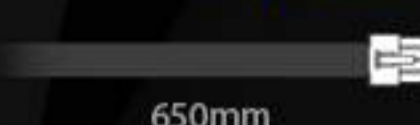

Connectors

1x 24p MBU

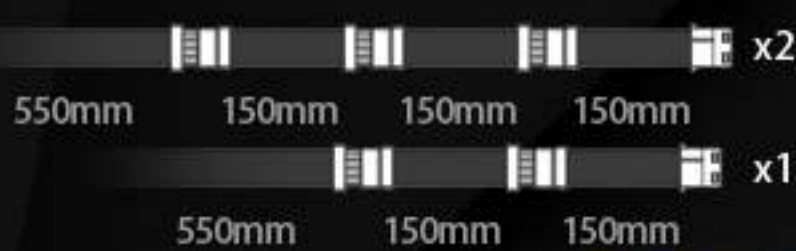

2 X 4+4p CPU

4 X 6+2p PEG

8 x SATA / 3 x PATA

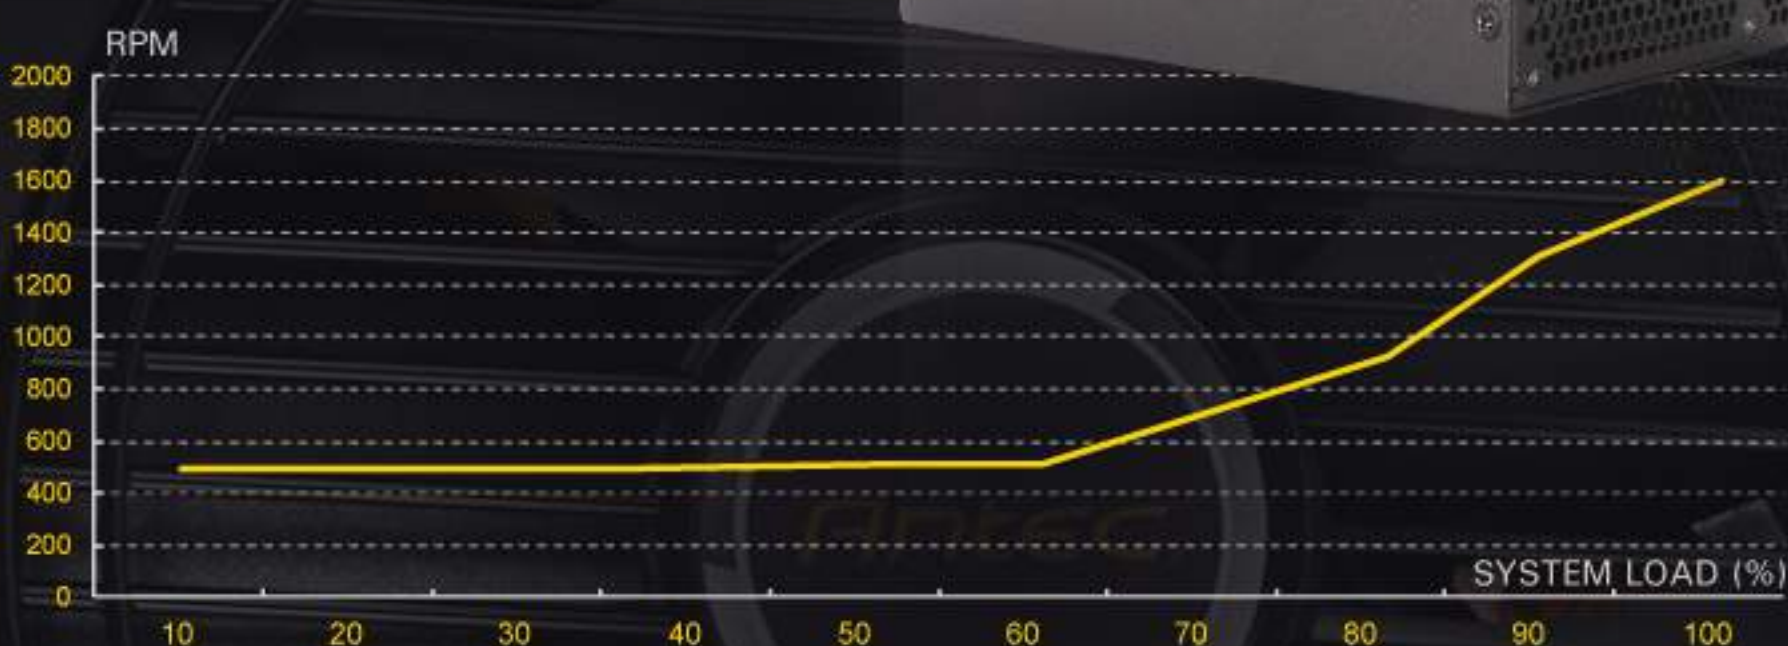

EAG PRO 750W

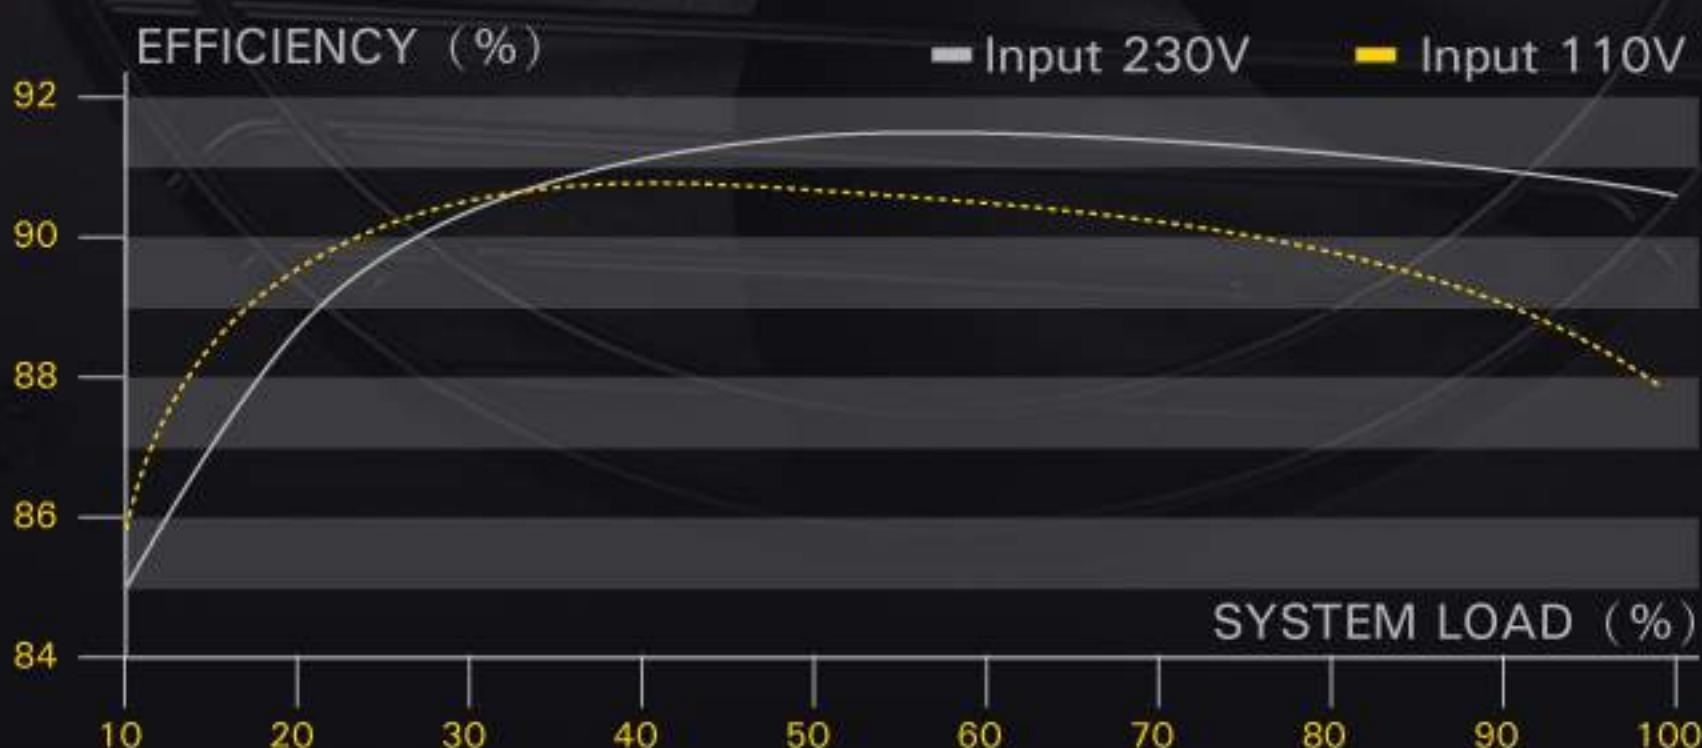

120mm Silence Whisper-Quiet High-Quality Fan With Long Lifetime

Quiet Computing™-Whisper-quiet high-quality fan

80 PLUS® GOLD CERTIFIED - Up to 92% efficient

AC INPUT	100VAC - 240VAC ~ ±10% (Active PFC) 50Hz - 60Hz, 9A - 4.5A				
DC OUTPUT	+5V	+3.3V	+12V	-12V	+5Vsb

Pro Specification

- **750W Continuous Power™** - Guaranteed 750W of Continuous Power™ from Antec
- **80 PLUS® Gold certified** - Up to 92% efficient, to reduce your electricity bill
- **AQ7** - Antec Quality 7 year warranty and lifetime global 24/7 support
- **120 mm Silence** - Whisper-quiet high-quality fan with long lifetime
- **Semi-modular cable management** - Improves airflow and reduces clutter
- **99% +12V** - Output for maximum CPU & GPU support
- **Japanese Heavy-Duty Caps** - High-performance capacitors ensure DC stability and regulation
- **4 x PCI-E connectors for multiple GPU support**
- **ATX12V 2.4** - Engineered according to the newest PSU guideline and compatible with the latest CPU generation
- **PhaseWave™ Design** - A server-class full-bridge LLC design with a synchronous rectification based on a DC-DC topology
- **ErP Lot 6: 2013** - Compliant to the toughest energy standard available
- **CircuitShield™** - Full suite of industrial grade protections: Over Current Protection (OCP), Over Voltage Protection (OVP), Short Circuit Protection (SCP), Over Power Protection (OPP), Over Temperature Protection (OTP), Under Voltage Protection (UVP), Surge & Inrush Protection (SIP), No Load Operation (NLO)
