## Gold Modular

type **NE750G.M**

The brand-new NeoECO Gold Modular series was born ready for the best DIY-PC experience seekers, and it also serves exceptional performance and outstanding stability. Featured 100% full modular design and 80 PLUS Gold certification, the NeoECO Gold Modular series keeps your PC hardware installation convenient and clean. It still provides highly efficient power to your system and reduces your electricity bills.

The advanced thermal control with the Zero RPM mode enables to turn the fan off at low loads to provide absolute silence. With the 120mm silent fan, the NeoECO Gold Modular can optimize the balance between cooling and noise. High-quality Japanese heavy-duty caps allow your system has more stable performance.

The CircuitShield™ design serves your industry-grade protection to make your system safe in any environment. With the 7-year warranty, the NeoECO Gold Modular series will be the ideal choice for professional modders and PC gamers.

### 120mm Silent Fan

Features improvement for airflow and excellent durability.

### Zero RPM Mode

The Zero RPM fan mode further automatically ensures zero fan speed at low loads to reduce plenty of noise and keep absolute silence.

### Japanese Heavy-Duty Caps

Japanese capacitors ensure the tightest DC stability and regulation, for reliability that you and your system can count on.

### PhaseWave™ LLC+DC to DC Design

### PCIe 5.0 Ready

12VHPWR cable included, delivering high performance & stability under high load or usage to pair with your powerful graphics cards like RTX 40 Series.

### 7-Year Warranty

The new NeoECO Gold Modular series from Antec pushes the standard for excellence with the circuit shield suite of industrial protections and is backed by a 7-year warranty.

### 100% Full Modular

Enables users to use only the excess cables which are needed and help clear out cables that can obstruct and reduce airflow.

### INPUT

100-240 VAC, 50Hz-60Hz, 10A max

### OUTPUT

+3.3V	+5V	+12V	-12V	+5VSB
20A	20A	62A	0.3A	2.5A
100W	744W	3.6W	12.5W	
750W				

### Connector

# NeoECO NE750G.M

## Gold Modular

- > 750W Continuous Power™ - Guaranteed 750W of Continuous Power from Antec
- > 100% Modular - Improves airflow and reduces clutter
- > 80 PLUS® Gold certified - Reduce your electricity bill
- > PhaseWave™ Design - A server-class LLC design with a synchronous rectification based on a DC-DC topology
- > Antec Quality 7-year warranty
- > CircuitShield™ - Full suite of industrial grade protections: OCP, OVP, UVR, SCP, OPP, OTP, SIP, NLO
- > Regulatory - cTUVus/TUV/CB/RCM/CE/FCC/BIS/BSMI/KC/UKCA/ICES
- > High-Quality JP capacitors achieve unprecedented tight voltage regulation & low ripple & noise to maximize your system's performance...
- > 28(18+10) pin MBU socket - For possible future MBU connectors
- > 12VHPWR Cable - For advanced PCIe 5.0 standard
- > Net Weight: 1.38kg, Gross Weight: 2.69kg
